

“You are so Beautiful”

Our First Hangdong Women’s Retreat in November, 2007

A HUGE THANK YOU to the GCCC Women’s Team and everyone else, who were instrumental in making our first women’s retreat a great success! Hearts were changed and passion for the Lord renewed! His presence and anointing was so evident. There were powerful times of repenting at the foot of the Cross, rejecting lies of the enemy and receiving the TRUTH of God’s Word! Lives were re-dedicated and equipped for His purposes - to reach the lost! We also learnt some practical ways such as dance, facials and jewelry-making to connect and extend love to the women in the communities. Phi Lek, the leader of the AIDS community, was our VIP guest for part of the time. With tears in her eyes, she shared about the impact our team is having in her life and in the community. *“What touches me the most is that you love and care, not just for our practical needs, but also for our hearts!”*

Pray for Phi Lek!

The women from the mountain villages, who attended the retreat, returned home changed! They shared in their Sunday morning meeting and the Holy Spirit moved powerfully. One lady’s husband said that he has never seen his wife so happy! We are now developing ideas to reach more women in the remote areas!

Created by Him,
“For such a time as this!”

We put into practice our newly learnt skills at the Hangdong AIDS support group meeting.
